

NEW

BESSEY® D15A Compact Aviation Snip

Shape & straight cutting snip

Simply better.

The NEW BESSEY® D15A ideal snip is small, strong, manoeuvrable and always ready-to-hand. Offers compound leverage in a uniquely compact construction...fits in a pocket, tool pouch and in a tool box.

Your benefits at a glance:

1 100% Power, 75% of the size

The D15A Compact Aviation Snip has all the power of a full size aviation snip but, is 25% smaller. This makes the whole snip more manoeuvrable to get into even the most cramped spaces.

2 Extremely compact cutting head

Extremely compact cutting head for great manoeuvrability, cutting the narrowest radii. The "Ideal" design allows the surface being cut to slide past beneath your fingers and reduces chance of injury.

3 Practical locking mechanism

The practical locking mechanism allows one to open & close easily with one hand.

4 Compound leverage

Compound leverage considerably reduces effort required, improving productivity while reducing hand fatigue.

5 Ergonomic handle

Ergonomic handles keeps hand from slipping.

NEW

Multi-use snip
